

Quebec Tech Ecosystem Report 2025

July 2025

“Québec is at a pivotal moment: new momentum is driving our tech ecosystem forward, powered by transformative initiatives like Ax.c and Québec Tech’s focus on scaling startups commercially.”

In a world shaken by geopolitical shifts and rapid technological change, it is essential for our society to embrace this transformation to sustain economic and social prosperity.”

Richard Chénier
General Manager

1 State of Quebec Tech

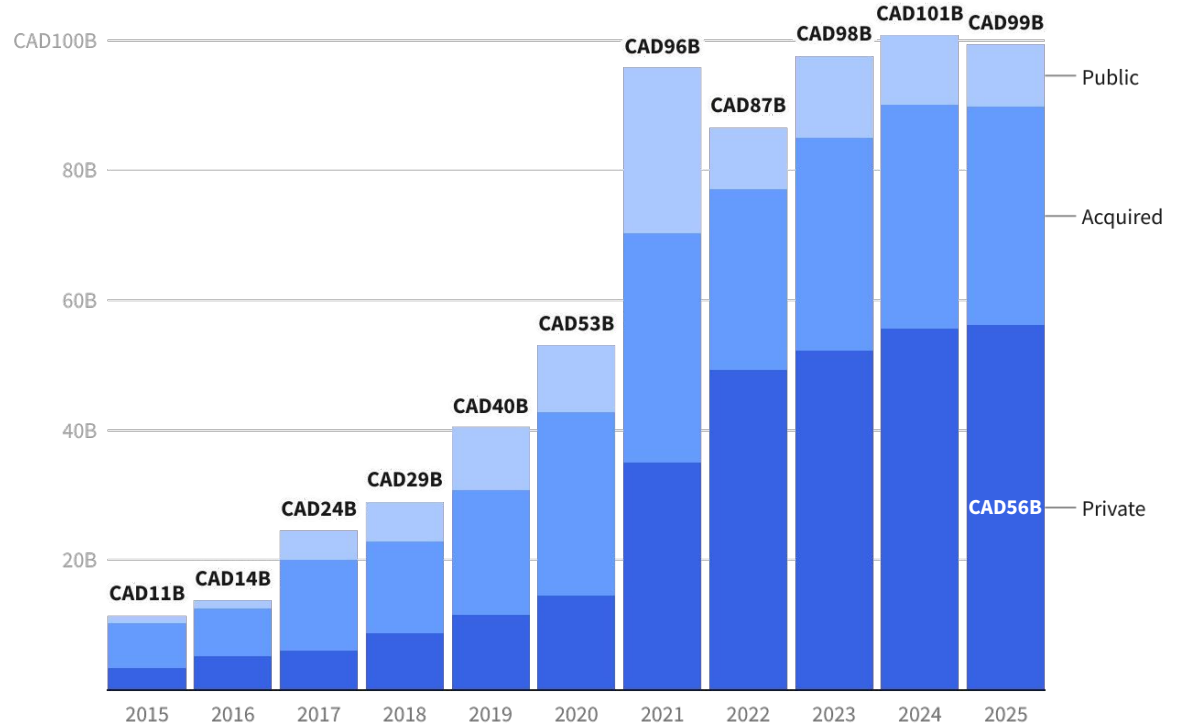

2 VC Investment

3 Quebec Ecosystem Outlook

Quebec's tech ecosystem is now worth CAD99B

Since 2020, private tech companies have grown 3.9x, while the overall ecosystem has expanded 1.9x over the same period.

Ecosystem Value of Quebec's tech ecosystem

Source: Dealroom.co.

Public companies include those that exited through IPO or SPAC IPO. Companies which are public/acquired as of 2025 are included in the public/acquired cohorts from their founding year.

EV is the sum of the valuations of all startups in the ecosystem. Using estimated valuations based on most recent VC rounds, public markets and publicly disclosed valuations.

Quebec's tech ecosystem is distributed around three main hubs, which together represent 1.4K+ funded startups

Number of funded startups by region

■ <5
 ■ 5 - 15
 ■ 15 - 40
 ■ 40 - 100
 ■ ≥ 100

Greater Montreal

1100+ funded companies

Quebec City

250+ funded companies

Sherbrooke

40+ funded companies

Rest Of Quebec

150+ funded companies

Notable companies

Quebec's ecosystem value is highly concentrated in Montreal

77% of Quebec's enterprise value HQd in Greater Montreal, 6% in Quebec City and 1% in Sherbrooke.

Ecosystem Value by region, 2025 YTD (CAD)

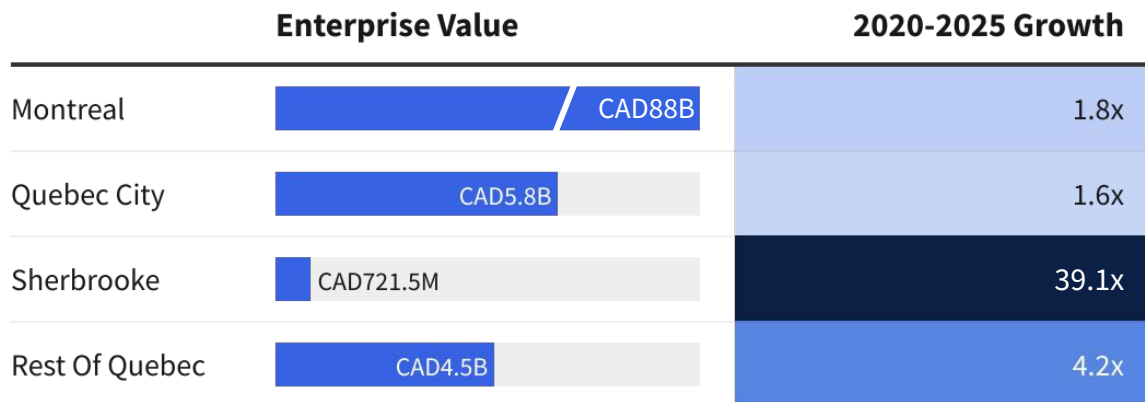

Sherbrooke has experienced the highest growth since 2020

Greater Montreal, as Quebec's largest startup ecosystem, has grown 1.8x since 2020.

Sherbrooke's growth was driven by [Entosystem](#), which raised CAD 79M in October 2024.

Ecosystem Value growth by Quebec regions (2020-2025)

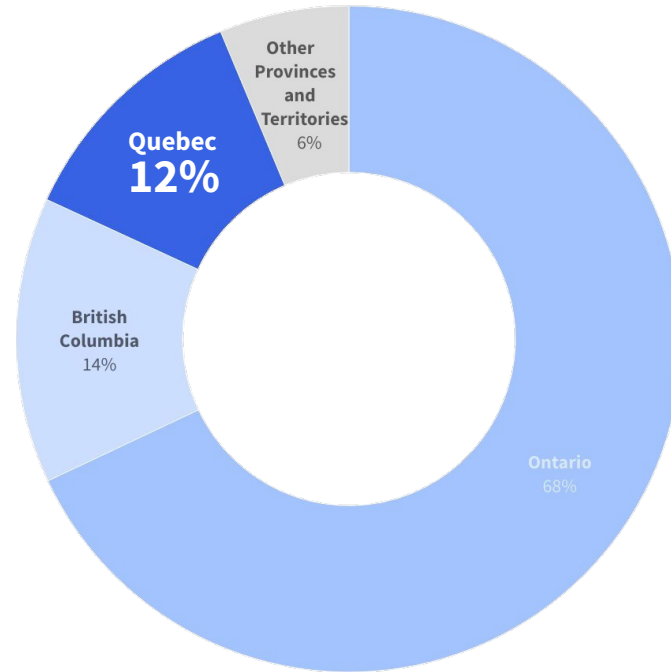

Quebec is the third-largest ecosystem by value in Canada

Quebec's ecosystem accounts for 12% of Canada's total enterprise value.

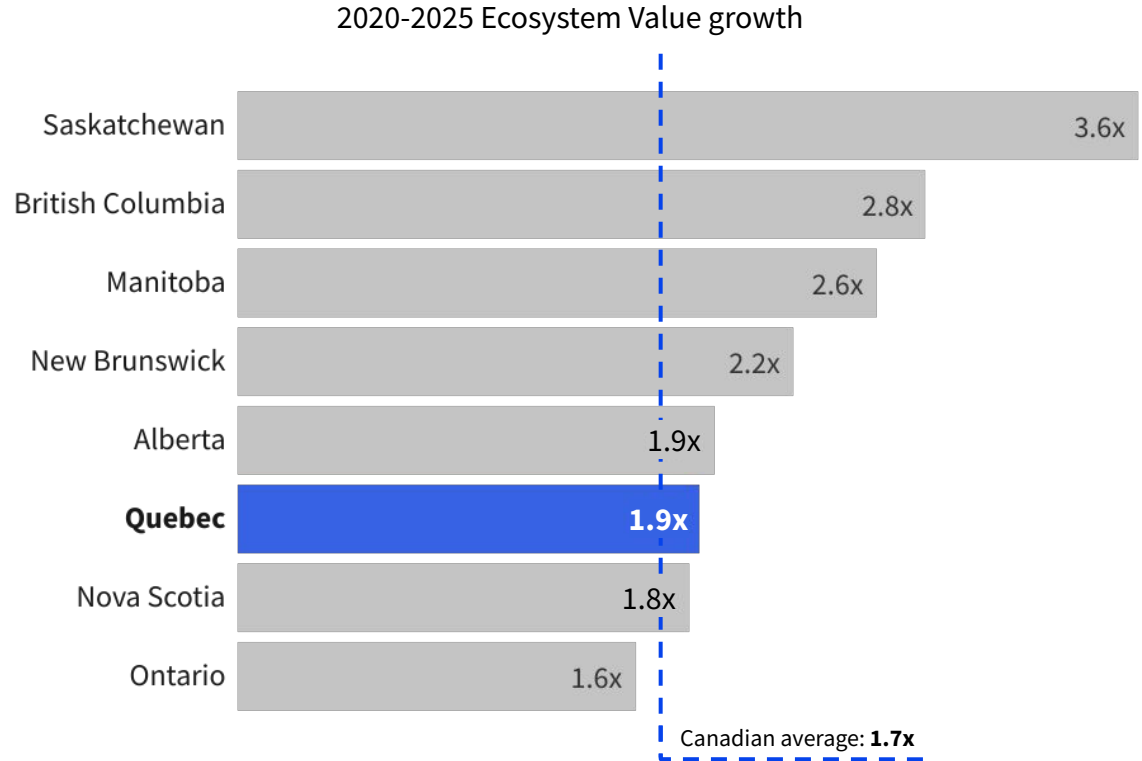

Ecosystem Value of Canada by ecosystems

■ Ontario ■ British Columbia ■ Quebec ■ Other provinces and territories

Quebec is growing faster than the Canadian average

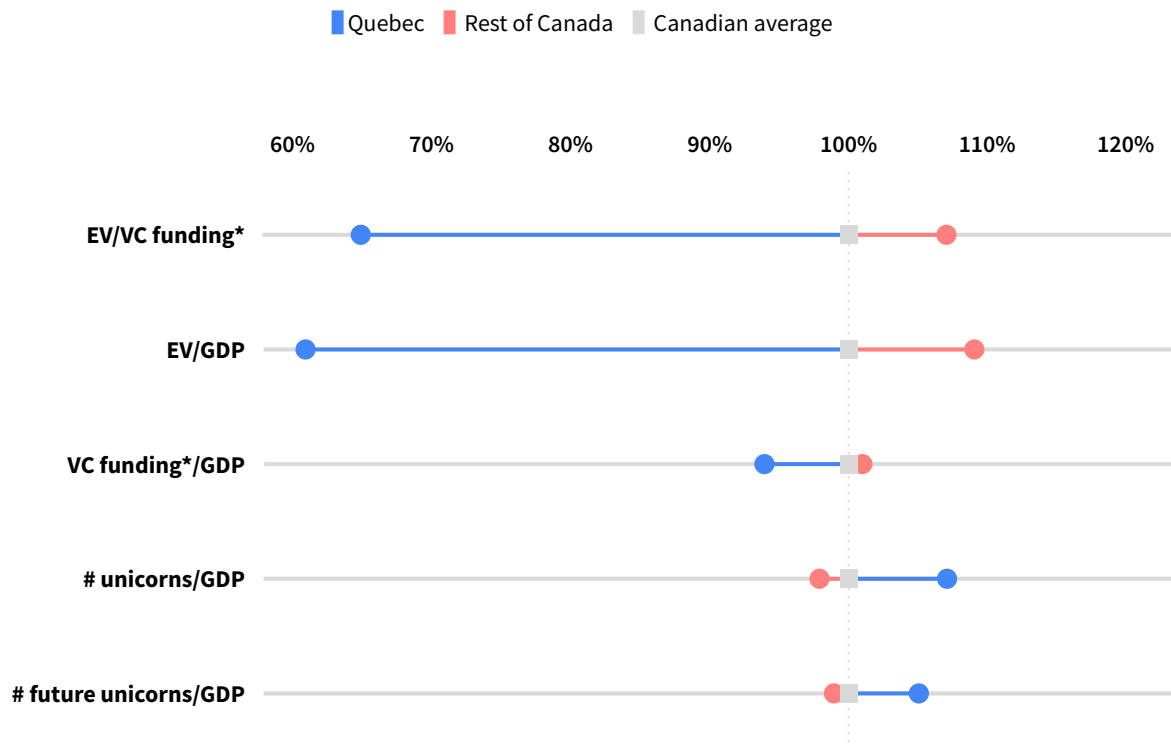

Smaller ecosystems tend to grow faster. Quebec and Ontario are showing solid growth relative to their size, while British Columbia is significantly outpacing the national average.

Quebec is demonstrating the ability to create and grow successful startups within a still-maturing ecosystem compared to the rest of Canada

Quebec trails behind on all EV metrics, showing room for growth in boosting entrepreneurship in the region.

Maturity metrics in Quebec and Canada

Quebec benchmarking against selected mature OECD ecosystems

Maturity metrics benchmarking

Quebec has raised more VC as a province than comparably sized OECD economies

A signal of growing investor confidence in Quebec's innovation ecosystem.

Quebec VC since 2020 benchmarked against similar sized economies*

Having built a solid VC foundation, now is the time to accelerate Quebec's growth trajectory

Quebec's venture capital activity declined by 0.81x since 2020—below the OECD average and behind most peers.

Quebec VC from 2020 to 2024 benchmarked against similar sized economies*

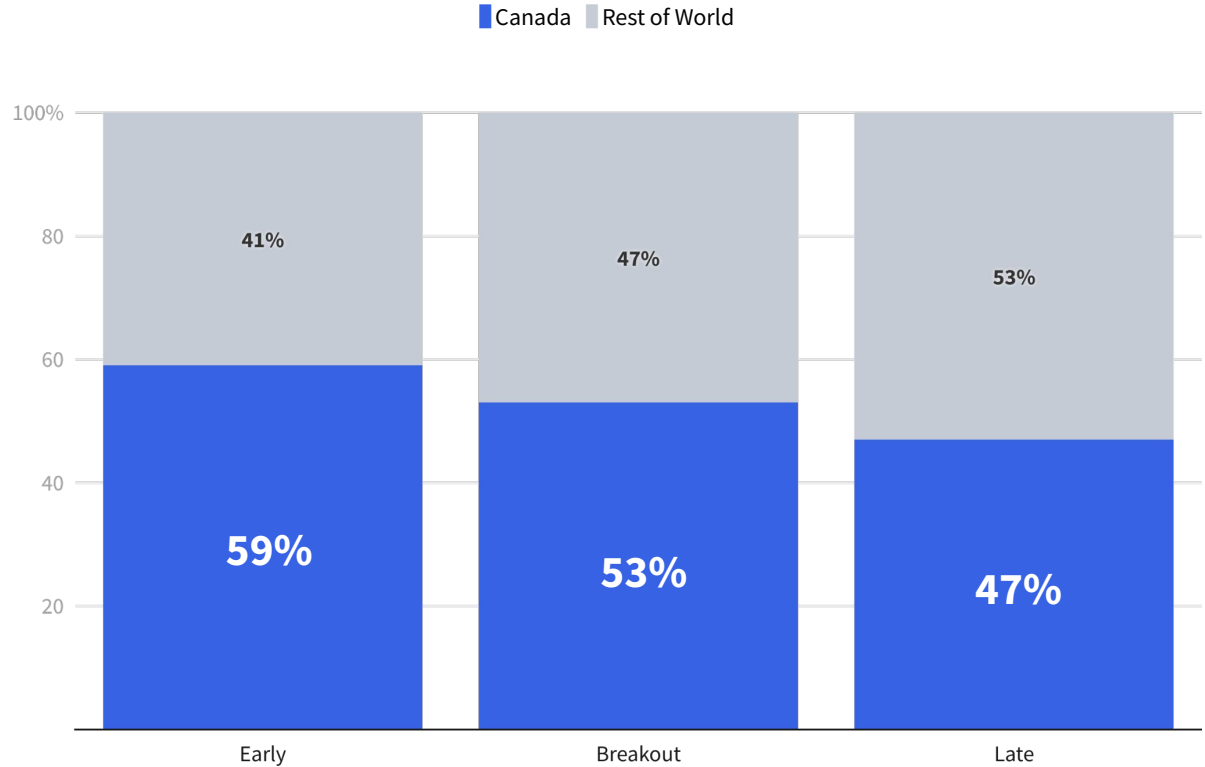

Source: Dealroom.co.
*Economies chosen with a similar GDP to Quebec, ~CAD500B.

Nearly 60% of early-stage capital in Quebec is sourced in Canada

For comparison, in the US 80% of Early Stage VC is raised from American investors. This indicates that most of the value generated from the growth of Early Stage startups remains in the US - compared with Québec startups which retain roughly 20% value less for Canadian investors.

Source of funding by stage since 2020

Quebec VC is led by a strong presence of domestic investors with the top 10 being Canadian investors

2024 marked the third year on record with more than 20 exits

As acquisitions continue to dominate VC-backed exits, it suggests a trend of market consolidation, where established players are strengthening their foothold.

Public listings peaked in 2021 instead, after which activity has been scarce. This mirrors global trends and it's connected to change in interest rates and macro uncertainty in markets.

Quebec startups have a strong track record of VC-backed exits

Universities play a pivotal role in Quebec's tech success, turning research and education into global startup leadership

Quebec Universities in the world's top 50

Number of alumni founders that raised > USD10M

Methodology

What is a startup?

Companies designed to grow fast. Generally, such companies are VC-investable businesses. Sometimes they can become very big (e.g. \$1B+ valuation). When startups are successful, they develop into scaleups (>50 people), grownups (>500 people) and result in big companies. Only companies founded since 1990 are included in this report.

What is a startup?

What is a unicorn?

Unicorns are (former) startups that reached US\$ 1B valuation or exit at one point in time.

What is a Unicorn?

Underlying Data

Dealroom's proprietary database and software aggregate data from multiple sources: harvesting public information, user-submitted data verified by Dealroom, data engineering. All data is verified and curated with an extensive manual process.

The data on which this report builds is available via app.dealroom.co. For more info please visit dealroom.co or contact support@dealroom.co. Data for this report was taken in June 2025.

Venture Capital, Investors

Investment are referred to by their round labels such as Seed, Series A, B, C, ... late stage, and growth equity. VC investments exclude debt, non-equity funding, lending capital and grants.

Regional Breakdown

While many startups founded in Quebec relocate beyond its borders, most maintain business-critical ties to their homelands.

In order to take this reality into account, this report includes both Quebec-based startups, which maintain their main center of business (HQ) in their country of origin, and Quebec-founded startups, which relocated their HQ outside of Quebec.

Tech ecosystem intelligence.

Dealroom.co is a global intelligence platform for discovering and tracking the most promising companies, technologies and ecosystems. Clients include many of the world's foremost organizations such as Sequoia, Accel, Index Ventures, McKinsey, BCG, Deloitte, Google, AWS, Microsoft, Stripe.

Dealroom partners closely with local tech ecosystem development agencies and enablers, to create a comprehensive multi-dimensional blueprint of the tech ecosystem, including capital, talent, innovation, entrepreneurship and overall economic dynamism.

Québec tech sector economic development.

Québec Tech, formerly known as Startup Montréal, was born out of the need to make the innovative entrepreneurship ecosystem more bold and ambitious.

We propel high-potential export-oriented Quebec tech startups by mobilizing resources and tools to accelerate their growth. We mobilize and engage key stakeholders to build a strong and lasting global reputation for Quebec.
